Ride your Bike from home  
and get in FREE!**

The [Captain Planet Foundation](#) is teaming up again with the Chattahoochee Nature Center for the 9th Annual Earth Day Kids Fest! This event is a unique and exciting hands-on, environmental education experience where youth are encouraged to take the first steps in becoming environmental stewards. Through engaging activities and performances, kids are energized with empowering information, allowing them to lead the way in preserving and protecting our biological diversity and natural resources.

Visit our Eco-Village where you will learn about local organizations that are doing great things to protect the planet. Stop by each of our local non-profits for fun and exciting hands-on activities especially for kids! You will also learn about some local environmentally friendly businesses.
