OUR VISION

The natural environment is preserved and protected for future generations

OUR MISSION

Connecting people with nature

WE VALUE

- Education, science, and culture •
- Personal awareness of, and connection with the natural world •
 - Lifelong learning opportunities for children and adults •
 - Equity, honesty, and integrity •
- Stewards of the Chattahoochee River and its watershed •

WHAT IS A NIGHT OUT WITH NATURE?

A Night Out with Nature sets itself apart from the usual fundraisers. It provides complete immersion in CNC's offerings while you savor cocktails, enjoy music on the river boardwalk and discover our resident animal ambassadors during a leisurely stroll through the Wildlife Walk.

Relish delectable food and dessert stations with Kingfisher Pond as your backdrop, snap a selfie by our captivating staircase mural titled "The Flow" by Thomas Turner, and culminate the night with a champagne toast on the bridge. All of this, while contributing to our vital operational funding that fuels our mission to unite people with the wonders of nature.

This is a night unlike any other!
